DEVELOPMENT PROJECT #: _____

I. GENERAL PROVISIONS

The Subdivision Map Act allows minor adjustments of property lines between contiguous parcels without the necessity of filing a parcel or tract map. To utilize this procedure, the following criteria must be met:

- A. All property owners of the affected parcels must consent to the Irrevocable Offer of Dedication or Public Easement in writing.
- B. The Irrevocable Offer of Dedication or Public Easement may not create a greater number of parcels than originally existed.
- C. The parcels resulting from the Irrevocable Offer of Dedication or Public Easement must conform to the City's building and zoning code.
- D. The resulting changes in ownership of the affected land must be conveyed by legal document if all lots are not held under one ownership. The adjustment may be reflected by deed or by a record of survey prepared by a licensed Land Surveyor or qualified registered Civil Engineer if the subject property is held under a common ownership. (Note: The reconveyance of property is not included in the City's process and must be completed by the property owners and/or Title Company).
- E. The current year and prior year property taxes for each parcel must be paid before the Irrevocable Offer of Dedication or Public Easement will be approved.

II. SUBMITTAL AND PROCESSING REQUIREMENTS

A. SUBMITTALS: The following documents shall be submitted in **HARD-COPY Format**:

Prior to submittal of a Irrevocable Offer of Dedication or Public Easement, the applicant should contact the City Engineering Division at (916) 727-4770 to verify that the dedication or easement will not violate any of the restrictions governing the use of this procedure. The following items must be included in the original submittal package. Applications failing to include one or more of these items will not be accepted for processing.

1. **1 set** - Application form fully completed and signed.
2. **2 sets** - Legal descriptions for resultant parcels
3. **2 sets** - 8 ½" x 11 plat illustrating the lot line adjustment.

The following items shall be submitted in **pdf Format**:

4. Closure/Area calculations verifying new legal descriptions.
5. **1 set** - Deed of trust or other instrument conveying real property between owners. (City to review legal description, owner to process and record).
6. Any other information deemed reasonable and necessary by the City's review staff.

B. PROCESSING:

1. All submittals are to be made to an Engineering Division representative.
2. The Engineering Division representative will review the submittal package for the required information for completeness.
3. The Engineering Division representative will distribute the submittal for review to the appropriate departments/agencies if the submittal package is in order and the fees have been paid.
4. The applicant will be notified after the Irrevocable Offer of Dedication or Public Easement form has been checked. The applicant must make any corrections or revisions, and then resubmit for verification. If no corrections are required, the approved Irrevocable Offer of Dedication or Public Easement will be returned to the applicant.
5. The applicant is responsible for taking the signed and notarized document to the Sacramento County Recorder for recordation **within one year after approval**. The recorded document will be mailed to the City of Citrus Heights for record keeping purposes, and will then be sent to the applicant.

III. PLAT REQUIREMENTS

A. PLAT FORMAT:

The Irrevocable Offer of Dedication or Public Easement plat shall be drawn, printed or otherwise reproduced in a manner guaranteeing a permanent record in black ink. The plat shall be done on 8 ½" X 11" bond paper, unless the Engineering Division approves a larger sheet size. Any necessary additional sheets must also be submitted on 8 ½" X 11" bond paper.

B. PLAT CONTENT:

The plat shall be drawn to a scale of 1" = 20', unless the Engineering Division approves another scale. The plat shall show the following applicable information, as well as any other information necessary to adequately describe the adjusted parcels:

1. Each lot in its entirety:
 - a. All bearings and distances.
 - b. Areas (net and gross acreage) of existing and proposed lots. Also show the area of each proposed lot at the end of its legal description.
 - c. Existing lot designations such as lot number, subdivision number and the subdivision recording date.
 - d. Assessor's parcel numbers.
 - e. All existing easements.
2. Abutting public and private streets and alleys showing names, centerlines and widths.
3. Vicinity map (at a scale of approximately 1" = 200').
4. North arrow and scale.
